

DEBRIS BIN GUIDELINES

Accepted:

- ✓ Tree limbs up to 13cm in diameter
- ✓ Brush
- ✓ Leaves
- ✓ Grass Trimmings
- ✓ Weeds
- ✓ Needles
- ✓ Pine cones

NOT Accepted:

- ✗ Garbage
- ✗ Soil
- ✗ Treated Wood
- ✗ Disposal Materials
- ✗ Root Balls
- ✗ Tree limbs over 13cm in diameter
- ✗ Construction Materials

Important things to remember:

- Absolutely **NO GARBAGE**.
- The use of the debris bin is limited to those residents living within the neighbourhood hosting the event.
- Material in the bin must not exceed the height of the bin sides.
- Bin events are meant to facilitate the FireSmarting of Home Ignition Zones surrounding pre-existing homes.

Tips for cleaning up your home and property:

- Be sure to clean gutters and roofs.
- Clear under decks and other enclosed spaces.
- Remove smaller coniferous trees that could act as a “ladder” and allow fire to move into the treetops.
- Clean up woody debris on the ground.
- Remove branches within two metres of the ground.
- Prune dead branches.
- Start working from the Immediate Zone and then continue your way outward from your home.
