

ENVIRONMENTAL PROTECTION NOTICE

NOTICE OF INTENT TO ISSUE AMENDED OPERATIONAL CERTIFICATE 15962 UNDER THE PROVISIONS OF THE *ENVIRONMENTAL MANAGEMENT ACT*

Take notice that the Director intends, a minimum of 30 days after the date of publication of this notice, to issue AMENDED OPERATIONAL CERTIFICATE (OC) 15962 to the REGIONAL DISTRICT OF EAST KOOTENAY (RDEK) for the Central Subregion Landfill located at 600 Eager Hill Rd, Fort Steele BC V0B 1N0, approximately 10 km North of Cranbrook on Highway 93/95.

The OC specifies the operating requirements for the landfill. The amended OC would authorize an increase in the waste discharge from 35,000 to 50,000 tonnes per year, specify additional requirements for leachate, landfill gas and stormwater management, and generally update the authorization to more closely conform to current ministry landfill criteria. No increase in the size of the existing landfill site is proposed. The draft amended operational certificate is in accordance with the approved RDEK Solid Waste Management Plan.

The draft amended OC is available on the RDEK website at:

<https://engage.rdek.bc.ca/oc>

Within 30 days after the date of publication of this notice, any person may send comments to the Director, respecting the requirements of the proposed amended OC, via email, with the subject line referencing authorization 15962, to envcia@gov.bc.ca and to the RDEK at info@rdek.bc.ca
